

TESSERACT AT PLAY EXPO 2015

WE EXHIBITED FOR THE FIRST TIME IN MANCHESTER!

Tesseract attended PLAY Expo in Manchester on October 10 / 11 to showcase the Tesseract.

We were proud to be publicly present the Tesseract at PLAY Expo Manchester, a gaming convention that was held in Manchester on October 10 - 11. It was an awesome show meeting fellow gamers and receiving a lot of great feedback on the Tesseract.

PLAY Expo 2015 was a blast and we hope to return to it next year, with the finished Tesseract design!

Before

After

Our stand was kitted out with a large poster on the wall, a pull up banner and LED lights that wrapped around the table and the controller to make the stand eye-catching. We're quite confident it worked as we had a mix of kids and adults come to our stand to try out Tesseract!

If you missed us at PLAY Expo, don't fret! We are hoping to attend more game conventions in the near future so you too, will be able to play using the Tesseract!
